

Sales rights of OHR AERATOR in India

November 1st, 2019

OHR Laboratory Corporation

We (OHR Laboratory Corporation) state that Kankyo Group of Companies, including Kankyo Cleantech India Pvt Ltd and/or Kankyo Cleantech LLP, have no sales rights for OHR products (OHR AERATOR and OHR MIXER) at all. We do not provide any technology to Kankyo Group of Companies, and we have no business relationship with Kankyo Group of Companies.

As our company policy, we are not only to sell the OHR AERATOR but also provide expertise and information on proper use of the OHR AERATOR such as creating installation layout plans and calculating required air volume. The OHR AERATOR is a unique air diffuser and will not perform effectively without correct installation layout and operation. To preserve the value and honor of the product, the OHR AERATOR is sold through authorized distributors only. Air diffusers similar to the OHR AERATOR sold by non-authorized distributors are copy products that do not have sufficient strength or performance. We are not responsible for the use of these products.

We have acquired the OHR trademark for air diffusers in India, hence the OHR name cannot be used other than with the genuine product.

If you have any questions, please feel free to contact us directly.
